Sir:

Attached hereto is a copy of the denial of the petition filed July 21, 2004. The reason for the denial is that the Office computer database fails to show the filing of a continuation application on or about the time of filing the Petition to Revive.

Attached hereto is a date receipted postcard that was attached to a Petition for Revival filed July 21, 2004 and attached to that petition was the petition fee, Form PTO-2038, a Reply to the Notice of Missing Parts in the form of a Rule 53(b) continuation application. All those documents are again submitted and it will seen from the date receipted postcard that the office received all these documents on July 21, 2004. A copy of the backside of the postcard is also submitted noting that this postcard had postage prepaid and we requested that the Office stamp the serial number of the new Rule 53 continuation application. Unfortunately the Office did not stamp the serial number where

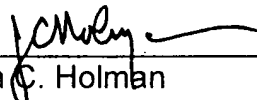

indicated, therefore counsel does not know the serial number of the Rule 53(b) continuation which was clearly filed July 21, 2004, the same day as the Petition for Revival.

By virtue of the copy of both sides of the postcard and the documents filed July 21, 2004, it is submitted irrefutable proof that a continuation application was submitted July 21, 2004 has now been placed in the record. The early granting of this petition; the informing counsel of the serial number of the new continuation application; and a Notice of Missing Parts is courteously requested.

Respectfully submitted,

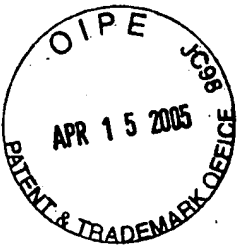

JACOBSON HOLMAN PLLC
